Welcome to the AWWAIndia Quarterly Newsletter!

Welcome to the latest third quarter edition of the AWWAIndia Association (AIA) Quarterly Newsletter! We're thrilled to share exciting updates on our ongoing and upcoming events with you.

## Webinar Recap: Bridging Asset Management Technologies

AIA recently participated in a highly successful **webinar** hosted by the Association for Materials Protection & Performance (AMPP) on **July 24, 2025**. The event, titled "**Water/Wastewater bridging together asset management's technologies in India**," brought together leading industry experts.

Our very own **Mr. Hemen V Patel, Chairman of the AWWAIndia Association**, served on the Speaker Panel. His session focused on how **corrosion control, smart water management, and digital transformation can extend asset life and reduce lifecycle costs**. He also emphasized the critical need for **water infrastructure protection**.

"Mr. Patel's insights on corrosion mitigation and innovation in water systems were invaluable and helped connect global best practices to real-world challenges," said Jennifer Merck, Vice President of Defense and Civic Infrastructure at AMPP.
